Skill Centre 2023 - Term 4 Update

With the FIFA Women's World Cup Final taking place later tonight we hope you are all preparing to watch Spain or England lift the trophy for the first time. Hopefully in a few years some of our amazing SKC Girls will be pulling on the Silver Fern in a FWWC!

At BUAFC we are 100% committed to growing Female participation in Football and the SKC is no different. This year we had a very successful Girls only team in the 11th/12th grade and their technical improvement over the year has been simply outstanding. Credit for this has to be given to their amazing Coaches Ben Sullivan and Andy Kneijber who describe the girls experience in the SKC below

Andy: Focusing on the 4R's (Receiving, Releasing, Running with the Ball & Retention) through the SKC it's been awesome to see how confident the girls have become in their core playing skills. To see that transition onto the field has been testament to the extra training and focus the SKC has provided.

Ben: Seeing how far the Girls have come due to the program has been mind blowing. You would not believe that this is the first year that they have played together. Every one of the Girls has progressed in skill and confidence that simply wouldn't have been possible without the SKC program.

In 2024 there will be the opportunity for Girls only and mixed training and playing groups so if this sounds like something your Daughter (or her friends) would be interested in please Register for Term 4 below.

There will be ample opportunity for the Girls to mix it with the Boys (if they so wish) and with record numbers of Boys and Girls registering for the Term 4 programme we can guarantee it will be FUN!

Term 4 will commence on Monday 30th October and will be every Monday for 6 weeks. Session times will be between 4pm and 7pm and will last one hour. Start times will be confirmed once we know how many players register in each age grade so get in early before spots run out.
